

Bellows way covers specification

1. Dimension definition :

A :	Inner height
B :	Inner width
W :	Outer width
H :	Fold height
L(max) :	Max Length
L(min) :	Min Length

2. Type of Megus bellows way covers :

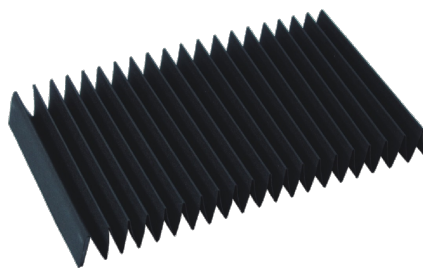

2-1. Bellows way covers (Flat type)

Material:

Megus bellows way covers is made of high quality synthetic cloth, nylon heat-resistant cloth and other materials according to customer specification.

Occasions:

1. Oil-proof, waterproof, dust-proof, acid-proof and alkali-proof occasions are acceptable.
2. This product is suitable for installing on all kinds of machining equipment. Ex: CNC machine tools, electronic equipment and laser machine.
3. Please provide used occasions and the dimension of the bellows covers to let us provide better customer service.

Bellows way covers (Flat type)

2-2. Bellows way covers (M-type)

Material:

Megus bellows way covers is made of high quality synthetic cloth, nylon heat-resistant cloth and other materials according to customer specification.

Occasions:

1. Oil-proof, waterproof, dust-proof, acid-proof and alkali-proof occasions are acceptable.
2. This product is suitable for installing on all kinds of machining equipment. Ex: CNC machine tools, electronic equipment and laser machine.
3. Please provide used occasions and the dimension of the bellows covers to let us provide better customer service.

Bellows way covers (M-type)

2-3. Enclosed type bellows way covers

Material:

Megus bellows way covers is made of high quality synthetic cloth, nylon heat-resistant cloth and other materials according to customer specification.

Occasions:

1. Oil-proof, waterproof, dust-proof, acid-proof and alkali-proof occasions are acceptable.
2. This product is suitable for installing on all kinds of machining equipment. Ex: CNC machine tools, electronic equipment and laser machine.
3. Please provide used occasions and the dimension of the bellows covers to let us provide better customer service.

Enclosed type bellows way covers

2-4. Bellows way covers for linear slide

Material:

Megus bellows way covers is made of high quality synthetic cloth, nylon heat-resistant cloth and other materials according to customer specification.

Occasions:

1. Oil-proof, waterproof, dust-proof, acid-proof and alkali-proof occasions are acceptable.
2. This product is suitable for installing on all kinds of machining equipment. Ex: CNC machine tools, electronic equipment and laser machine.
3. Please provide used occasions and the dimension of the bellows covers to let us provide better customer service.

Bellows way covers for linear slide

2-5. Stainless steel-clad bellows way covers

Material:

Megus bellows way covers is made of high quality synthetic cloth, nylon heat-resistant cloth and other materials according to customer specification.

Occasions:

1. Oil-proof, waterproof, dust-proof, acid-proof and alkali-proof occasions are acceptable.
2. This product is suitable for installing on all kinds of machining equipment. Ex: CNC machine tools, electronic equipment and laser machine.
3. Please provide used occasions and the dimension of the bellows covers to let us provide better customer service.

Stainless steel-clad bellows way covers

2-6. Lift bellows covers

Material:

Megus bellows way covers is made of high quality synthetic cloth, nylon heat-resistant cloth and other materials according to customer specification.

Occasions:

1. Oil-proof, waterproof, dust-proof, acid-proof and alkali-proof occasions are acceptable.
2. This product is suitable for installing on all kinds of machining equipment. Ex: CNC machine tools, electronic equipment and laser machine.
3. Please provide used occasions and the dimension of the bellows covers to let us provide better customer service.

Lift bellows covers

2-7. Photography type bellows covers

Material:

Megus bellows way covers is made of high quality synthetic cloth, nylon heat-resistant cloth and other materials according to customer specification.

Occasions:

1. Oil-proof, waterproof, dust-proof, acid-proof and alkali-proof occasions are acceptable.
2. This product is suitable for installing on all kinds of machining equipment. Ex: CNC machine tools, electronic equipment and laser machine.
3. Please provide used occasions and the dimension of the bellows covers to let us provide better customer service.
